## LUXURY STONE

900x1,800mm 36"X72"

Mondalisa brand-new Luxury Stone series, also called the Seven Star. We succeeded to copy the crystal texture of the very rare and precious stones from Africa in colour, pattern, and the sense of depth. By using the transparent glaze and dry-frits from Italy, it provides double protection for the surface of our Luxury Stone. It has excellent stain resistance alongside with perfect flatness. Its large format in 900x1800X10mm and multiple faces, gives different possibilities in applications. Unlike natural marble, our porcelain slabs are radiation-free, non-porous, stain resistant and durable. In addition, with bigger sizes and fewer grout lines, your space is less cluttered and visually expanded.

It can be widely used as flooring and wall cladding, particularly in high-end resorts, fashion store, banquet hall, recreation club and even countertops.
